

Subodh Uttam Muneshwar

Software Developer | Full-Stack & Backend Engineering | C#/.NET
+91 9029920228 | subodhum1603@gmail.com | 📍 Mumbai- 400104, India | [Linkedin](#) | [Github](#)

PROFESSIONAL SUMMARY

Software Developer with hands-on experience in C#, ASP.NET, REST APIs, full-stack web development, SQL databases, and secure enterprise applications. Experienced in developing role-based web applications, authentication and authorization workflows, API integrations, and database-driven systems. Strong foundation in software engineering, OOP, problem-solving, Git, and cloud technologies, with an interest in scalable .NET and cloud-native application development.

TECHNICAL SKILLS

- **Programming:** Python, C#, JavaScript, SQL
- **Frontend:** HTML5, CSS3, JavaScript, Bootstrap
- **Backend:** Flask, ASP.NET, REST APIs
- **Database:** MySQL, Oracle Database
- **Cloud & Tools:** Azure, AWS, Git, GitHub
- **AI/ML:** OpenCV, Pandas, NumPy
- **Concepts:** OOP, DSA, DBMS, Distributed Computing
- **Security & Enterprise:** RBAC, LDAP, Authentication, Authorization, SAP NCo, SAP BAPIs

PROFESSIONAL EXPERIENCE

Rashtriya Chemicals & Fertilizers Limited | Software Developer Intern | 📍 Mumbai

📅 01 Jan 2026 - 28 Feb 2026

- Developed an SAP-integrated RBAC platform using C#, ASP.NET, Oracle Database, and SAP NCo to streamline enterprise authorization management.
- Implemented LDAP-based authentication and SAP-integrated role provisioning using SAP BAPIs and custom Function Modules.
- Built role administration, T-Code assignment, audit logging, real-time authorization synchronization, and session management to strengthen security and access governance.

PROJECTS

Diabetic Retinopathy Detection using Machine Learning [GitHub:https://github.com/Nihar0001/dr_hybrid_project](https://github.com/Nihar0001/dr_hybrid_project)

📅 August 2025 - March 2026

Python, OpenCV, NumPy, Pandas, CNN

- Implemented an automated retinal image analysis pipeline using OpenCV and NumPy for preprocessing and feature extraction across 10,000+ images.
- Created an intuitive interface for image upload, prediction generation, and result visualization, achieving 92% model accuracy.

Facial Recognition Attendance System [GitHub: https://github.com/Nihar0001/Final_face_recognition.git](https://github.com/Nihar0001/Final_face_recognition.git)

📅 January 2025 - May 2025

Python, Flask, OpenCV, MySQL

- Built a Python/Flask web application for real-time facial recognition and automated attendance.
- Integrated OpenCV with MySQL for identity verification and attendance management, achieving 98% accuracy.

Foodies Goodies – Recipe & Diet Planning Platform [GitHub: https://github.com/SubodhMuneshwar/FoodiesGoodies](https://github.com/SubodhMuneshwar/FoodiesGoodies)

📅 January 2024 - December 2024

HTML, CSS, JavaScript, PHP, MySQL, REST API

- Built a full-stack web application with responsive frontend interfaces and database-backed recipe and diet management.
- Integrated the Edamam REST API for recipe search and filtering across 100+ recipes.
- Implemented personalized BMI-based meal recommendations and data-driven filtering.

NAAC Accreditation Management Portal | Hackcelestial 1.0

📅 September 2024

HTML5, CSS3, JavaScript, PHP, MySQL

- Developed a role-based web portal for managing NAAC accreditation workflows, submissions, and documentation.
- Automated criterion-wise workflows to reduce manual record handling and improve accessibility of accreditation data.

ACHIEVEMENTS & LEADERSHIP

- **Smart India Hackathon 2024:** Selected among 118 finalist teams nationwide for a biomimicry-based grey water management solution.
- **Smart India Hackathon 2023:** Ranked among the Top 5 teams out of 258 teams nationwide for a technological menstrual waste disposal solution.
- **Workshop Instructor – Full Stack Web Development | March 2024:** Co-conducted a 5-day hands-on workshop for 50+ students on HTML, CSS, and JS.
- **Student Secretary | RMCET | Aug 2024 – May 2026:** Represented 500+ students, leading event planning and academic, cultural, and technical initiatives.
- **District & University-Level Youth Festival Competitions:** Represented college in poster-making, painting, cartooning, and street play.
- **Volunteer for Training and Placement Cell:** Assisted with student coordination and placement activities.

CERTIFICATIONS

- IBM SkillsBuild – Agentic AI: From Learner to Builder
